

To Whom It May Concern,

It is with much enthusiasm that I am writing to recommend the services and partnership of From The Earth.

In the newly partnered relationship From the Earth has contributed to low income families and educational advances in Santa Ana. From the Earth helped with funding our final night of a community engagement program, which was able to feed over 1,000 community members. They are tremendously generous and are passionate about educating and addressing the needs of the community in Santa Ana.

I am thrilled to recommend the services of From the Earth. I know they will be a tremendous benefit to any city they are in. If you have any questions, please feel free to contact me.

Sincerely,

Bree Alvarado
