

January 28, 2019

To Whom It May Concern,

It is with much enthusiasm that I am writing to recommend the approval of the Retail Application for From The Earth, LLC.

From the Earth LLC, has a history of building community partnerships that uplift those struggling underserved communities or those who have struggled to overcome poverty or the impacts of violence.

In the newly partnered relationship, From the Earth is contributing to the mission of Peace Over Violence, to support case management, legal services and mentoring for our members. Our mission, to build healthy relationships, families and communities free from sexual, domestic and interpersonal violence, will be greatly enhanced by From the Earth's support. We at POV are impressed with From The Earth's tremendous passion for addressing the needs of the community in Pasadena and beyond.

Peace Over Violence, is looking forward to having a From the Earth as a community partner in Pasadena; we know together we will make a real impact on individuals lives. We know they will be a tremendous benefit to any city they are in.

Sincerely,

Laureen O'Hara
Manager of Donor Engagement & Individual Giving
