Re: Letter of Support for From the Earth USA

To Whom It May Concern:

This letter is sent in support of From The Earth USA's application in your city regarding their future cannabis retail license. From the Earth USA is managed by Kintu Patel and is a licensee of From The Earth, the dispensary brand created by Mr. Patel.

From The Earth has had an operating dispensary at 3023 S Orange Ave. Santa Ana, CA 92707 for three years, and has recently opened its second location at 2675 N. Ventura Rd. Port Hueneme, CA 93041 in July.

A year after opening our first location in Santa Ana, the From the Earth Information and Resource Center was created with the sole purpose of providing a no cost outreach and consultation service to educate the community regarding cannabis therapies. From the Earth has used their platform to partner with multiple different local charities and organizations which has positively impacted those in need.

I would strongly support any attempt by Mr. Patel to open a cannabis-related retail business in your or any other city as he clearly has the experience and competence to create a company that any community would be proud to welcome.

Thank you for your consideration.

Sincerely,

Name:

*Patricia Dya*

Organization:

*Tools of Hope*

Title:
