RE: Habitat for Humanity

Dear David and Susan:

On behalf of the City of Port Hueneme and Habitat for Humanity of Ventura County, I would like to express my appreciation to the From the Earth Dispensary for their generous gift of **\$5,000**. This money will be used for the first Habitat for Humanity Project in the City of Port Hueneme's history.

Your donation will reach out to those in need of decent and affordable housing in our community. It will also make a noticeable impact on the lives of the five selected families and the health of our community. Your monetary gift and future volunteerism for this upcoming project truly reflects the spirit of Port Hueneme. It will allow families to realize their dream of home ownership, enhance their quality of life, and help us build strong neighborhoods.

Thank you again for your generosity and I look forward to seeing you both on November 2nd at the new project site.

Sincerely,

Andrew Salinas  
Chief of Police
